- Mass Media

Which Metallized is Right for You?

STANDARD

Standard Metallized has a 2% haze level and offers a semi-mirror finish. It is brighter and offers a greater reflectivity compared to aluminum.

BRUSHED

Brushed Metallized has a rich finish that mimics the texture of brushed metal providing a sophisticated and modern aesthetic.

HOLOGRAPHIC

Holographic film creates a three-dimensional appearance that changes with the light and viewing angle. It provides a full spectrum of color through various patterns.
