

ReadyMAG is an innovative pre-magnetized paper that simplifies production, making magnets more accessible and cost-effective. Featuring a coated paper surface, it prints just like paper and offers exceptional image quality and color vibrancy. Its pre-magnetized backing eliminates the need for specialized equipment or post-magnetization, saving time and money, and enables you to move right into finishing. Available in 13pt and 15pt, ReadyMAG MP (Multi-Platform) is compatible with HP Indigo and select Production Dry Toner presses.
